Introducing Real Foods Corn Thins—the healthy popped corn cake that actually tastes like a delicious snack. Made primarily from corn, they taste just like popcorn—in a cracker. They are perfect as a healthy snack on their own or with your own favorite toppings. Being GMO and gluten free, with better levels of fiber than rice cakes, Corn Thins make healthy eating easy.

Contact Madeleine at manderson@realfoods.com.au if you would like more information or samples so you can introduce Corn Thins to your clients.
