Join **Jill Turley, MS, RD, LD, SNS**, on Wednesday, August 7, 2019, from 2–3 PM EDT, as she takes a deep dive into school wellness. In this interactive webinar, Jill will cover what school wellness encompasses and how you can be a champion for school health in both the educational community and your community at large.

Learn about what comprehensive school wellness looks like, how federally-required nutrition standards and local wellness policies impact school wellness programming, the nutrition specifics of building a quality, consistent and exciting school wellness program, and how RDs from all disciplines can support school wellness.

After completing this continuing education course, nutrition professionals should be able to:

1. Understand and describe federally-required nutrition standards and local wellness policy components.
2. Identify at least two components of school wellness for which dietitians can be champions in their communities.
3. Implement at least one action step that supports school wellness.
